

DEWSHAN GUNAWARDHANA

BSc (Hons) in Information Technology — Specializing in Artificial Intelligence

0759082176 | dewshangunawardhana@icloud.com | Mawathagama, Kurunegala | [Linkedin](#) | [Github](#) | [Portfolio](#)

PROFESSIONAL PROFILE

Enthusiastic third-year BSc (Hons) Information Technology undergraduate at SLIIT, specializing in Artificial Intelligence, with hands-on experience building full-stack web applications using React, JavaScript, Node.js, and Java Spring Boot, and applying machine learning techniques such as feature engineering and predictive modelling with Scikit-learn and TensorFlow. Skilled in translating designs into responsive UI, integrating frontend applications with REST APIs, and working with relational (MSSQL) and NoSQL (MongoDB) databases. Brings practical, hands-on IT experience gained as an IT Demonstrator and Computer Repair Trainee, including hardware diagnostics, troubleshooting, and end-user technical support. Comfortable using Git for version control and collaborative development workflows. A strong problem-solver with a proven record of delivering functional software projects both independently and in team settings, and a fast learner who adapts quickly to new tools, technologies, and team environments.

EDUCATION

BSc (Hons) in Information Technology, Specializing in Artificial Intelligence <i>Sri Lanka Institute of Information Technology (SLIIT)</i>	2024 - Present
ICT Technician, NVQ Level 4 <i>National Youth Services Council</i>	2023 - 2024
G.C.E. Advanced Level <i>Ku/ Pothubowa College</i>	2022 - 2023
G.C.E. Ordinary Level <i>Ku/ D.P. Wickramasinghe College</i>	2018 - 2019

CERTIFICATIONS

Certificate in AI/ML Engineer - SLIIT (Stage 1) code.sliit.org/certificates/s2u1kfl68e	2026
---	------

TECHNICAL SKILLS

- Programming & Web: Java, Python, JavaScript, HTML, CSS, XML, JavaFX, OOP
- Databases: MSSQL, SQL, MongoDB
- Data & AI/ML: Pandas, R, TensorFlow, Machine Learning, Scikit-learn
- Frameworks & Tools: React, React Native, Expo, Postman

SOFT SKILLS

- Leadership
- Problem Solving
- Teamwork
- Verbal & Written Communication

PROJECTS

Web-Based Agriculture Community Management System <i>Technologies: Python, HTML, CSS, React, JavaScript, Node.js, MongoDB, VS Code, PyCharm</i>	Feb 2026 - Mar 2026
---	---------------------

- Developed an AI-based platform connecting farmers with experts and an AI chatbot to answer agricultural questions.
- Built an image-analysis feature that detects crop leaf diseases and recommends solutions to farmers.
- Implemented admin-side management modules for farmers, blogs, marketplace listings, diseases, and events.

Machine Learning Models for Prediction

Oct 2025 - Dec 2025

Technologies: Python, Scikit-learn, TensorFlow, Matplotlib, Pandas, Google Colab, Kaggle

- Applied Neural Network and Random Forest algorithms to classify data from a lung cancer dataset.
- Performed data analysis, cleaning, preprocessing, and feature engineering.
- Evaluated and compared supervised and unsupervised model performance.

Web-Based Laundry Management System

Jun 2025 - Jul 2025

Technologies: HTML, CSS, Java, JavaScript, MSSQL, Spring Boot, VS Code, SSMS, IntelliJ

- Developed a web-based laundry management platform as part of a group project.
- Implemented user management, payment simulation, staff management, and laundry tracking features.

Movie Ticket Booking System

Feb 2025 - Apr 2025

Technologies: HTML, CSS, JavaScript, Java, Spring Boot, VS Code, IntelliJ, Data Structures (Queue)

- Developed a full-stack online movie ticket booking platform.
- Implemented movie listings, seat reservation, session management, and payment simulation.

WORK EXPERIENCE

IT Demonstrator

2023 - 2024

National Youth Services Council

- Guided NVQ Level 4 trainees through hands-on computer lab sessions, covering software installation, configuration, and basic troubleshooting.
- Prepared lab equipment and demonstrated core IT and computing concepts to support practical training exercises.
- Provided first-line technical support, resolving hardware and software issues during training sessions.

Computer Repair Trainee

2023 - 2024

Wayamba Provincial Council

- Diagnosed and repaired hardware faults in desktops and laptops, including component replacement and system reassembly.
- Performed OS installation, driver configuration, and software troubleshooting for client devices.
- Assisted senior technicians with data recovery and preventive maintenance procedures on customer devices.

EXTRA-CURRICULAR ACTIVITIES

- Represented the National Youth Services Council Carrom Team (2023 - 2024)
- Junior Prefect, D.P. Wickramasinghe College (2018 - 2019)
- E-Sports Team Member, D.P. Wickramasinghe College (2018 - 2019)
- Volleyball Team Member, D.P. Wickramasinghe College (2017 - 2018)
- Lead Flutist, School Eastern Band, D.P. Wickramasinghe College (2017 - 2018)
